

Harrison

DAMP, WATERPROOFING & TIMBER SPECIALISTS

Harrison Preservation Limited, Springfield, Golden Lane, Thorpe Le Soken, Essex, CO16 0LD

Environmental Policy Statement

As a leading company within the field of building preservation solutions, we recognise concern for the environmental implications of our activities. In particular we pursue a policy of pollution prevention whilst targeting continual improvement in all operations.

Harrison Preservation Limited incorporate sustainable development principles into business activities by including environmental as well as commercial considerations in how we do business.

It is implicit in our environmental policy that in applying our resources to improving environmental performance, proper account will always be taken of the cost, applicability and the benefit resulting from initiatives and actions proposed.

In support of this policy Harrison Preservation Limited will:

- Comply with environmental legal requirements
- Care for the environment
- Involve employees
- Actively encourage waste reduction
- Use and exploit products that reduce the companies impact on the environment
- Communicate with clients, and external bodies within our industry
- Establish an environmental management system

Harrison Preservation Limited Operates from ecologically commended offices in a completely wooden structure, we do not produce any 'special' waste, we are a negligible user of water or natural resources, we do not burn or incinerate any waste. Harrison Preservation Ltd. are a Registered Carrier of controlled waste with the East Anglian area. As such Harrison Preservation Ltd are affected by, and strive to conform to, the Control of Pollution Act 1974, the Registration of Carriers and the Seizure of Vehicles Act 1991 and The Environmental Protection (Duty of Care) Regulations 1991.

Simon Harrison
Managing Director.
